

IAS 2013 PRIZES AND AWARDS

The IAS and its partners sponsor every year a number of scientific prizes and awards to reward promising young and established researchers who are doing outstanding work in HIV research. Abstracts submitted to the 7th IAS Conference on HIV Pathogenesis, Treatment and Prevention (IAS 2013) have been selected by panels of senior scientists from around the world for following prizes: 5 IAS/ANRS Young Investigator Awards, 1 Women, Girls and HIV Investigator's Prize and 1 IAS HIV/TB Research Prize. Award ceremonies will take place in conjunction with high-level session at IAS 2013.

Awardees	Email	Nationality	Institution	Prize/Abstract
Kavidha Reddy	kavidha.reddy@gmail.com	South Africa	Nelson R. Mandela School of Medicine, University of KwaZulu Natal	<i>Young Investigator Award - Track A: Association of APOBEC3G genetic variants with HIV-1 <i>vif</i> sequence variation and impact on HIV-1 pathogenesis</i>
Michael Schomaker	michael.schomaker@uct.ac.za	South Africa	University of Cape Town	<i>Young Investigator Award - Track B: When to start ART in children aged 2-5 years? Causal modeling analysis of leDEA southern Africa</i>
Jennifer Smith	jennifer.smith@imperial.ac.uk	United Kingdom	Imperial College London	<i>Young Investigator Award - Track C: Could misreporting of condom use explain the apparent association between injectable hormonal contraceptives and HIV acquisition risk?</i>
Raluca Buzdugan	rbuzdugan@berkeley.edu	Romania	University of California, Berkeley	<i>Young Investigator Award - Track D: Feasibility of population-based cross-sectional surveys for estimating vertical HIV transmission: data from Zimbabwe</i>
Lachlan Gray	lachlang@burnet.edu.au	Australia	Monash University, Burnet Institute	<i>Young Investigator Award - Special HIV Cure Prize: HIV-1 entry and <i>trans</i>-infection in astrocytes: implications for cure and eradication</i>
James Houston	vie3@cdc.gov	United States	Centers for Disease Control, Atlanta	<i>IAS HIV/TB Research Prize: Tuberculosis burden is a barrier to starting isoniazid preventive therapy in HIV-infected children enrolled in care</i>
Definate Nhamo	defnh78@gmail.com	Zimbabwe	Zimbabwe AIDS Prevention Project, University of Zimbabwe	<i>Women, Girls and HIV Investigator's Prize: Factors associated with gender-based violence and unintended pregnancy among adolescent women living with HIV in Zimbabwe</i>
